Justus League Records *presents*

THE DOPE POET SOCIETY

Canada to Africa: Promote Intelligence Tour

Featuring *Progress Negus*

Toronto's pre-eminent urban label, *Justus League Records*, has announced that **The Dope Poet Society** will be performing across Canada this fall. The tour is in support of the new album *ProIntelPro: Promote Intelligence Program*, one of the top selling independent albums in Canadian Hip Hop History. With radio play across the country and the new video, *All of Us*, airing on MuchMusic now, the group is preparing to release their next big single and video, *IN/ACTION*, featuring Jeru the Damaja. This new single is poised to garner commercial as well as college radio play continent wide. The group has just returned from outstanding performances in Venezuela and Cuba, and they will be touring Canada this October before embarking on a major tour of the African continent. They will be joined by Canada's hottest up and coming Reggae artist, **Progress Negus**. With Professor D's awesome freestyles and lyrical dexterity, Progress Negus's dance-hall fire, DJ Spinister's turntable wizardry, this is a unique show not to be missed.

Starting early this October, The Dope Poet Society and Progress Negus will be hitting: Toronto, Winnipeg, Brandon, Regina, Saskatoon, Edmonton, Calgary, Vancouver, Victoria, Nelson, Lethbridge, Thunder Bay, Sudbury, Ottawa, Montreal, Kingston, Stratford, London, Kitchener, and Hamilton.

Justus League Records represents a brand of Hip Hop that is becoming increasingly relevant -one that challenges the status quo and puts forward new ideas about improving our troubled world. The Dope Poet Society has been making noise internationally with challenging yet inspiring messages of hope and struggle. Since 1997, the group has been releasing timely lyrical commentary to critical acclaim. They garnered serious attention in 1999 with the release of *Fuck Mike Harris!*, off their Hipolitics EP, a visceral response to the Ontario provincial elections of the time. They were the first group to release a song about the September 11th, *911 Word Trade*, and on February 15, 2003, the day after the US began bombing Iraq, they released the international hit, *War of Terrorism*. With *ProIntePro*, their fastest selling album to date in stores now, the group is ready to bring the noise to your town.

Justus League Records is lining up tour dates across Canada and is looking for promoters in many locations -if you would like to bring the *Canada to Africa: Promote Intelligence Tour* to your city, please call 416-769-7749, or email Contact@JustusLeagueRecords.com

The new album is manufactured by Justus League Records and distributed across Canada by Festival Distribution. Order online from JLR1.com
